

ViaSat Data Allowance Policy – Exede Business Plans

General. Each Exede Business plan has a monthly data allowance. This policy explains what happens when you use more data than your data allowance. We measure your data usage on a monthly basis and reset it to zero on the same day each month. Any unused data or additional increments of data purchased by you do not carry over to the next month. You can view your data usage compared with your monthly data allowance at <https://ecare.wildblue.net/pages/updatePaymentData.xhtml> or by clicking [here](#).

Exede Business 30. Starting on the first day of your monthly measurement period, all uploaded and downloaded data transmitted using your ViaSat account from 8:00 a.m. until 3:00 a.m. in your local time zone counts toward your data allowance. Usage from 3:00 a.m. until 8:00 a.m. during your local time zone each day will count toward an additional monthly data allowance (“Off-Peak Data Allowance”) should we choose to enforce the Off-Peak Data Allowance. If your data usage reaches 100% or more of either of your monthly data allowances (subject to whether we choose to enforce the Off-Peak Data Allowance), we will alert you of this fact and offer you the option of purchasing additional increments of data to use during the remainder of your measurement period for the applicable time period (8:00 a.m. until 3:00 a.m. or 3:00 a.m. until 8:00 a.m.). If at any time your data usage exceeds either of your monthly data allowances and you have not purchased additional increments of data, ViaSat may significantly slow and/or restrict your service, or certain uses of your service during the applicable time period (8:00 a.m. until 3:00 a.m. or 3:00 a.m. until 8:00 a.m.), until the end of your monthly measurement period. At the end of each monthly measurement period, your data usage resets to zero.

Exede Redundancy, Exede Business 20, 50, 100 and 200. If you are a subscriber to an Exede Redundancy or Exede Business 20, 50, 100 or 200 plan and your data usage reaches 100% or more of your data allowance, we will alert you of this fact. Upon reaching 100% or more of your data allowance, ViaSat will continue to provide you with internet service and count all increments of data beyond your monthly data allowance. ViaSat will charge you the Additional Usage Rate set forth below for all data used in excess of your monthly data allowance. You are responsible for the full Additional Usage Rate per GB for each partial GB used in excess of your monthly data allowance.

The table below shows the monthly data allowances for Exede Business plans.

Exede Business Plans	Data Allowance (GB) ¹ (Combined Upload and Download) Measured over a fixed monthly period		Additional Usage Rate
	8:00 a.m. to 3:00 a.m.	3:00 a.m. to 8:00 a.m.	
Exede Redundancy	1		\$15.00 per GB
Business 20	20		\$10.00 per GB
Business 30	30	At least 30 ²	N/A
	50		
Business 50	50		\$10.00 per GB
Business 100	100		\$10.00 per GB
Business 200	200		\$10.00 per GB

¹ Your Exede Voice data usage does not count toward your monthly data allowances.

² ViaSat does not currently enforce a data allowance during the period from 3:00 a.m. to 8:00 a.m., but reserves the right to do so in the future in its sole discretion.
